Being an exchange student and going to Homestead H.S. is a lot of fun and a great experience! In my own country the school especially the senior year is very hard and full of homework. Here the school is much easier, with a lot of activities.

For me, this year was a year of excitement and only the first few months were hard because of the adjustments. But after I had lived here for a while, the expectations turned into actual reality and then into a nice and memorable experience. This experience though, has changed my life and my feelings about myself and the world.

I wish someday I'll come back to see all the people and the things I'll leave when I'll go back to Greece. Well, yassou!! (bye-bye in Greek)

I think I'm one of the luckiest Y.F.C.I. students this year. I've lived with a great family and I went to a super high school. I think I will get homesick when I'm back in Holland. I will miss the many activities and American customs. Especially my hockey and soccer team gave me fine memories to take back home and together we always had a good time. In both teams I learned a great deal about sport and an American way of having fun.

Y.F.C.I. told me and other students that we had to adjust to the American style of living, but I think we have to adjust ourselves when we go home. Thanks Homestead for giving me such a great year. I will never forget the things I learned and the fun I had with all my new friends. I hope that some of you have learned something about Holland and that you don't think we're still wearing wooden shoes and live in windmills.

The only sad thing during my stay was my weight. I gained so much this year by eating junk food, Mexican pizzas, McDonalds that I'm afraid nobody will recognize me when I will arrive in my own country. But, it was worth the experience.

Tonia Teliou

Karen Seibuechler

It was the first time in the U S. for me, but I was surprised how quickly I learned to like everything so much! This year was great, and I hope you enjoyed it with me even though you had to endure all my faults: needing a ride all the time, always being late, mixing up English words, lending things" to strangers in the locker room! I learned a lot! Finally I fell in love with California and it's people, especially from Homestead, even with the teachers! Also I liked the tennis courts, I was never as happy after a tournament as I was after C.C.S. Thanks all my friends for crossing their fingers for me and helping me enjoy it so much

Altogether everything was very different from my home in Germany but I'm gonna miss it a lot when I'm over there! Maybe so much that I'll come back!

Hope I'll see you all very soon again, come by in Schleswig when you're in Germany. You're always welcome! I love you all!

California is rad and Homestead is bitchin' I'm so lucky I got to come here I've met many neat friends, and I'm sure I'll never forget Homestead and California and the sun. P.S. Basketball is totally cool man. Thanks to coach

We are of those who like to stay late at a bookstore but it is necessary that the place be clean and pleasant. Each night we are reluctant to close because there are always those who need a place to read. A Clean Well Lighted Place.

COIFFURES

Welcome to the K. Chin gallery located at 8 Bonnymead Court, Carmel by the Sea. K. Chin's pictures, two of which grace the pages of this yearbook, cover the walls of his small studio. His paintings vary from fantastic pictures of rainbows, unicorns, and dragons, to realistic pictures of owls, otters, houses, and butterflies.

One of K. Chin's sons at work at his Carmel gallery.

K. Chin started painting when he was about 12, and without any formal training, went on to become a commercial artist. The paintings which he now sells were first painted as a hobby. He now is retired from commercial art, and sells, and paints these pictures full time. The pegasus staff extends a big thank you to K. Chin for his generous loan of the pictures to the yearbook.
